

Read Across America Challenge

In honor of Read Across America we thought it would be a fun idea to challenge the children to read a book a night during our theme of Reading is Fun. Beginning March 1st we are asking that students, who wish to participate, read any book with someone at home (parent, sibling, grandparent, etc.) each day during the challenge. Once the book is read you may cross off or color in the date below. When the challenge is over your child will have read 31 books with you. We hope this encourages them to look at books more, discover more about their world, and is good quality time for you and your child. At the end of the challenge, on March 31st, we will have a special snack to celebrate the end of our challenge!

You may make up for a night you cannot read a book during the challenge by reading 2 books another night.
