

August News

Thank you for all your support in making this summer's water play a success. The children had tons of fun!

Our final water play day will be Wednesday, August 18th.

YOU'RE A STAR!

Feature A Teacher

Ms. Amber is our lead teacher in the Pre-K classroom! She is originally from Iowa, and now resides in Columbia, PA! She has 20+ years of education experience, including 13 years in childcare. Her favorite part of working in ECE is doing messy art projects! Her funniest teacher moment is that kids are amazed that she can be both a teacher and a mom! In her spare time, she likes to watch movies with her family and try new recipes from Pinterest. Ms. Amber would travel anywhere as long as she has her family with her!

A Peek At What We Are Learning

Junior/Primary –
Olympics & Safari

Preschool/Pre-K – The
Farm: Why are farms
important?

Friendly reminder that all children should be leaving their personal toys at home, especially soft toys/stuffed animals. We are still not permitted those items in the classrooms per the covid restrictions. K-Prep is not responsible if toys go missing or get broken. Thank you for your help in this matter.
